TABLE OF CONTENTS

All good things must come to an end.

With the higher cost of production, printing, and postage for catalogs, I regret to say that this will be our last. Over the years, we have sent out more than 20 million printed catalogs. While we honor the sacrifice of the many trees that gave their all informing customers about new anime and manga products, it appears that the vast majority of folks prefer to get information about these new releases online, where it's up to the minute all of the time, versus delayed until the next printing. This will also reduce our overall carbon footprint.

But don't fret needlessly, our friendly staff is always willing to be of assistance to you with any product questions that you might have! Write us a letter, give us a call, or open a case. You can even send a fax, although I'm not sure why you would. We'll help you however we can.

Our customers are the key to our continued success - all of us here at Right Stuf truly value your business. Have a safe and joyous holiday season!

Sincerely. Shawne Kleckner, President

Recovery of an MMO Junkie centers around the life of two gaming otaku's, which I could easily relate to. I often caught myself laughing with the bits of comedy and cherishing the cute moments between the two main characters. The ending left me wanting more but easily one of my favorite anime from 2017 I would recommend it to any gaming fans or hardcore otaku who ask for a nice slice of life romance. As for me, I'm ready for the physical release to re-watch with friends and family! - Jocelyn A.

ITEM LISTINGS

To benefit our customers, we have implemented a rating system for many of our products based on the manufacturer's suggested rating for each title.

ALL, 7+, 10+ Generally acceptable for children. No

12+, 13+, 14+ Parental discretion advised. May contain violence, brief nudity, maturethemes, and/or mild language. May suggest sexual situations, but no such situations are shown

18+ Extreme violence and/or explicit nudity. May contain sexually explicit material

Please note: Right Stuf does not set ratings and is not responsible for errors, omissions, or inaccurate ratings. These ratings are guidelines only and are subject to change.

RUNTIME / PAGE COUNT

The listing for each item contains information detailing its approximate length. Depending on the manufacturer, this may or may not include extra bonus features, such as previews or forwards. An N/A indicates that the manufacturer has not yet provided this information.

DUR ONLY? SUR ONLY?

Although DVDs and Blu-ray discs allow for the possibility of multiple languages, it's not always possible to produce a title for dual-language release. So, you end up with manufacturers releasing discs that are Subtitled Only (SUB ONLY) or English Dubbed Only (DUB ONLY). Subtitled discs display the dialogue on the bottom of the screen while the actual voices are still in Japanese. Dubbed means the music is (probably) intact, but the voices have been redone in English. If we are aware that a title is dub or sub only, it will be noted as such in the product listing.

RELEASE DATES

If an item has not vet been released at the time of this catalog's printing, you may see a release date listed. However, manufacturers can (and often do) change these dates due to production delays. If you are pre-ordering an item and are concerned whether it's on schedule, please feel free to check the release date on our website or to contact our friendly Customer Care representatives.

OVA stands for Original Video Animation. Basically, this means it is a direct-to-video release

SPECIAL COLLECTIONS

Certain DVD and Blu-ray items are marked with names such as "Anime Classics." "S.A.V.E. Edition." etc. These are re-releases of the original discs at lower prices. If you are concerned that the item you are considering may not contain the features that you want, please check the item's listing through our website or feel free to contact Customer Care

You may notice volume gaps in our printed catalog listings This is not necessarily because the products aren't available but merely because we couldn't fit every item into the printed catalog. If you are looking for a certain volume, please feel free to contact Customer Care or check our website

OMNIBUS EDITIONS

An omnibus collects two to four "regular" volumes into one book. Omnibus volume numbers don't always match the regular volume numbers.

PRINT ON DEMAND (POD)

Some books are marked "Print On Demand." This means they are part of the Right Stuf Print on Demand program and are printed to meet orders. The paper quality used is higher than that of "regular" manga, but they may take extra time to ship if we do not have any copies already in stock.

These are DVDs printed to order by the manufacturer. They will play in DVD players that play regular DVDs. Please note that sometimes DVD-rs will not play on older players, or some gaming consoles. We are not always told when DVD-r media

I SAW THIS SHOW THAT I THINK MIGHT HAVE BEEN ANIME, DO YOU HAVE IT?

If you can give us enough information, someone can usually identify the program. Please understand, though, that if you ask us about something where "there's a girl who's a magic user a guy with a sword, and a villain who wants to take over the universe," there's a problem. This describes about half the films ever made. Also, knowing what a series or movie is doesn't necessarily mean that it's available in the U.S. as a licensed product but it could be

WHY ISN'T (TITLE HERE) AVAILABLE IN THE U.S.?

You might be surprised to find out how much anime is available in the U.S. Of the few titles that remain unlicensed, some titles have their rights disputed, some licensors want more money than a title can possibly generate in this market, and of course, some are currently in negotiation or are just now being shown. Many streaming services offer "simulcasts" where the current season as shown in Japan is available. We do not sel bootlegged products.

WHY DON'T YOU CARRY MANY IMPORTS?

Limited availability of imports and lack of timely distribution of such overseas items make it difficult to provide quality imports on a timely basis. BATTLE ANGEL ALITA

One of the best stories in all of comicsdom. Alita defined the cyberpunk genre, and it remains popular thanks to its deep characters and interesting world. The focus on technology and identity makes this just as relevant as it was 28 years ago. The settings are epic and the larger page size enhances it to great effect; I can't go back to older, smaller volumes after this. The combination of action and philosophy will reach anyone who loves good storytelling.

DR. STONE

This is the new take on shonen tropes I was looking for! Instead of proving strength with punches, Senku balances equations. This inversion creates conflict in a post-civilization world, where the "villains" believe in natural law. When it's not poking fun at the traditional shonen hero, it's a real thinker's manga like Death Note, You never know what Senku has planned, and the ongoing mystery makes me excited to read the next volume.
